26	Student Union Building
39	Sutherland Hall
52	Theatre 21
7	Thompson Hall
52 B	White Hall

BICYCLE RULES

- Bicycles are required to be registered with Campus Safety and display a permit at all times while on campus. Permits are free and can be obtained from the Campus Safety Office during normal business hours. The serial number, make, model, and color are required for a permit to be issued.
- Bicycles may not be ridden on pedestrian sidewalks. Bicycles must use roads open to automobile traffic only.
- Roads closed to automobiles are for pedestrians only. Bicyclists must obey all rules of the road that apply to motor vehicles, including obeying all traffic control signs, one-way streets, etc. When riding a bicycle at night, a white front light or reflector and a rear red light or reflector are required.
- Bicycles are to be chained to bicycle racks only. Bicycles chained to building handrails, etc. are subject to fines and impoundment by Campus Safety. The removal or cutting of locks to secure impound will be done at owner's expense.
- Bicycles may not be left on campus over the summer break. Bicycles left in any area after the close of the school are considered abandoned and may be impounded by Campus Safety.
- Bicycles that do not display a permit, are locked to unauthorized facilities, or are left on campus during summer break may be subject to fine and/or impound.
- Campus Safety reserves the right to sell abandoned bicycles or give them to charity after a 90 day hold from the date of impound according to California Civil Code 2080.
