* The Ministry Research Project is a required capstone competency taken in TTCE 633 Christian Education Research: Study of Church in Culture focusing on an issue or concern related to the student's ministry. Course integrates biblical/theological principles with relevant research through literature review or field study to assist the student toward ministry applications of theory. Details of the project are given in TTCE 633. It is important that M.A.C.E. students not wait to take TTCE 633 until the last semester.

**Youth Ministry Specialization: substitute: CE 543 - Counseling Adol. & Their Parents, for PT 707 - Foundations of Pastoral Care & Counseling. Up to 6 graduate elective units may be taken in other schools in Biola University with advisor's signature.
